TESTIMONY

We keep trying to get people into Heaven when God wants heaven in people.

We produce around us what is inside of us, we are an eco system.

**We shine so people can see not
so they look at us.**

**The world is dreaming and needs us to partner
with it to bring interpretation.**

**Others are discipling the nations in the vacuum
left by the church**

Take a risk do something

- ▶ You ask but what if nothing happens?
- ▶ Nothing is already happening
- ▶ At least people will feel loved
- ▶ We are an ordinary people with an extraordinary God.

You are not powerful enough to mess up God's plan

- ▶ You can hear God, everyone hears God
- ▶ Don't let anxiety get in the way
- ▶ His word brings life John 6v63
- ▶ His word gives peace Col 3v15
- ▶ His word does not rest Jer 20v9

Jesus likes you and loves you

- ▶ **Jesus, what do you like best about me today?**
- ▶ **Jesus, what do you like about being friends with me?**
- ▶ **Jesus, what did I do in the last week that made you laugh?**
